

DESKING

flexibility in the workplace

OVERVIEW

Our metal desking system offers more options and flexibility in the workplace. With a variety of low storage options, paired with coordinating legs and overhead choices, this system proves to be exceptionally functional and can be easily integrated into any environment. Our desking system can be designed in a freestanding style or paired with additional panels for even more options and privacy.

Our low storage two drawer and wardrobes come standard with a full pull. Low storage comes standard with a metal top and cord management. An optional laminate or cushion top is also available.
